Portfolio

Professional Summary

Senior Product Manager with 6+ years across AI, RegTech, digital health and commerce. Leads discovery, strategy, agile delivery and analytics, combining software engineering expertise with cross-functional leadership and hands-on product design.

Professional Experience

SmartX Feb 2026 - Present
Senior Product Manager | Product Operations and Agile Lead
• Lead reservation discovery and competitor analysis; translate needs into workflows, backlogs and OKRs.
• Coordinate delivery and improve team processes using Jira, eazyBI, a Grok bot and Agile Radar.

UPBrains Feb 2025 - Feb 2026
Senior Product Manager | AI Products and Enterprise Automation
• Translated business needs into specifications and user stories; coordinated agile delivery with design and engineering, using Clarity and PostHog for behavioral analysis.

Sagehood Feb 2025 - Feb 2026
Product Manager | AI Investment Intelligence
• Shaped investment workflows and roadmaps; coordinated feature delivery and agile execution with Jira and eazyBI.

DISS-CO Apr 2024 - Mar 2025
Product Owner | RegTech and Regulatory Compliance
• Translated regulatory needs into features and roadmaps; led release planning, product transparency and agile team execution with Jira and eazyBI.

Asansabt Apr 2021 - Apr 2024
Product Manager and Product Owner | LegalTech and Process Automation
• Owned discovery through post-launch; designed the full website and flows in Figma, coordinated delivery, managed SEO and contributed to organizational process automation.
• Built Metabase dashboards; analyzed promotional SMS data and website behavior with GA4, Clarity and PostHog.

Earlier: Hamyar Reshteh (Ghalamchi) | Product Owner, EdTech | Jan - Jul 2021

Selected Projects

Sullis | Project-based Product Manager Dec 2025 - Sep 2026
• Benchmarked competitors and reverse-engineered flows; defined LLM-agent startup screening, coordinated delivery and tracked execution with Jira, eazyBI and OKRs.

Barjil | Project-based Product Manager Aug 2023 - Mar 2024
• Owned discovery, requirements and feature delivery; set up Metabase management dashboards.

Ministry of Health | Project-based Product Manager Aug 2023 - Feb 2024
• Owned discovery through delivery for a project serving 7 million users, translating stakeholder needs into health-service journeys and coordinating technical implementation.
